774472 9/21

This letter responds to Applicant's communication filed on August 28, 1989.

Applicant's amendment to the identification and classification have been entered in the record. The refusal under Section 2(e)(1) of the Trademark Act is repeated and hereby made FINAL on the ground that the proposed mark merely describes a feature or characteristic of applicant's goods.

Applicant's goods are masking tape of premium grade and blue in color. As a result, the mark merely describes under Section 2 of the Act a feature or characteristic of the goods.

The Trademark Act Section 23, 15 U.S.C. Section 1091, requires that an Applicant complete one year of lawful use before seeking registration on the Supplemental Register. The Applicant does not satisfy this requirement at this time. The Applicant will be eligible for registration on November 5, 1989, and on or after this date can amend the application by submitting the following statement:

The Applicant has used the mark lawfully in interstate commerce with the goods for the year preceding the filing date of this amendment to the Supplemental Register.

Page 2

37 C.F.R. Section 2.47; TMEP sections 1115.01 and 1115.02. The Applicant must indicate the type of commerce, for instance, interstate.

In addition, please note that the Trademark Law Revision Act of 1988, which takes effect on November 16, 1989, will eliminate the requirement that the Applicant use the mark in commerce for one year to seek registration on the Supplemental Register. Therefore, an amendment to seek registration on the Supplemental Register which is filed on or after that date does not require the "one-year-lawful-use" statement.

AMENDMENT

Box 5  
Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir/Madam:

✓ 95 In response to the Office Action mailed March 10, 1989, please  
amend the identification of goods in the above application by  
deleting therefrom the words "adhesive tape," and substitute  
therefor the words -- masking tape --.

✓ 66 Additionally, please amend the class number of this  
application by deleting therefrom the number "16," and substitute  
therefor the number -- 17 --.

REMARKS

The above amendment is made in response to the request for  
clarification of the identification of goods contained in the  
Office Action mailed March 10, 1989.

In response to the request contained in that Office Action,  
the Applicant submits herewith a photograph of the goods.

As can be seen from the enclosed photograph, the masking tape sold under this trademark is blue in color, but Applicant is not claiming the color blue as part of its trademark. Instead, Applicant's trademark is "PREMIUM BLUE", and it is submitted that the words representing colors for many goods have been included as part of the trademarks for them. Accordingly, Applicant requests reconsideration of the rejection under Section 2(e)(1), and it is believed that, upon such reconsideration, after entry of the above amendment, this application will be found to be in condition to be passed to publication, and such action is earnestly solicited.

Respectfully submitted,

C. H. Lauder

The assigned Examining Attorney has reviewed the referenced application and determined the following.

The Examining Attorney refuses registration on the Principal Register because the proposed mark merely describes the goods. Trademark Act Section 2(e)(1), 15 U.S.C. Section 1052(e)(1) (1986); TMEP section 1209.01.

A mark is merely descriptive under Trademark Act Section 2(e)(1), 15 U.S.C. 1052(e)(1) (1986), if it describes an ingredient, quality, characteristic, function, feature, purpose or use of the relevant goods. In re MetPath Inc., 223 USPQ 88 (TTAB 1984); In re Bright-Crest, Ltd., 204 USPQ 591 (TTAB 1979).

Applicant's goods are a premium grade blue tape and, as such, the proposed mark merely describes a feature or characteristic of the goods.

The Applicant must submit photograph or sample of the goods to permit proper consideration of the application. 37 C.F.R. Section 2.61(b); TMEP sections 1103.04 and 1105.02.

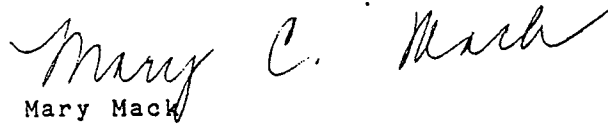

TDMK 000037

-2-

The identification of goods is indefinite. It appears from the specimens of record that applicant's goods are masking tape. If accurate, amendment to classification is necessary. The following is suggested:

masking tape in class 17.

The Examining Attorney has searched the Office records and has found no similar registered or pending mark which would bar registration under Trademark Act Section 2(d), 15 U.S.C. Section 1052(d) (1986). TMEP section 1105.01.
